

ALL HAZARD MITIGATION PROJECT STATUS REPORT

Jurisdiction: County Public Works Department (EXAMPLE ONLY)

In the Goodhue County All Hazard Mitigation Plan adopted in 2005 the following mitigation strategy was identified:

Strategy (Project)	Goal
Repair roads and bridges that are prone to regular flooding	Decrease the number of roads and bridges that flood on a regular basis.

It is now time to update the Goodhue County All Hazard Mitigation Plan. As part of the update process, we are required to report on the status of the projects identified in the original plan. Please provide the following information pertaining to this project in your jurisdiction (attach additional information as necessary):

Status (<i>Completed, Ongoing, Never Started, Describe Progress</i>)	Ongoing – 3 road sections and 2 bridges have been replaced since 2005
Completion Date <i>(Date completed or completion goal)</i>	Completed – 1 road section completed June 2006, 2 road sections completed July 2008; 2 bridges completed August 2007 Goal – 2 road sections July 2010, 1 bridge August 2011
Incorporated into Document or Plan? <i>(Was the project incorporated into an existing document or plan such as a Zoning Ordinance, Land Buyout Program, or Flood Mitigation Plan? If so, please list document or plan name.)</i>	Incorporated into Public Works Comprehensive Plan, Section 2A
Include Project in Update? <i>(If project is not yet completed or never started, would you like to include it in the updated plan? Are there changes you would make to the project?)</i>	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No Changes to project? Plan for road 123 between Town X and Town Y (see attached) Bridge plans (see attached)
Other Notes <i>(Relevant information including cost, funding source, evidence of success, etc.)</i>	See attached information for cost and funding Bridge ABC did not flood in 2008 but would have if not replaced in 2007.
