December 9, 2015

Dear Chairman Seifert and Fellow Commissioners,

It has been many months since we have received any official status report on the proposed Zip Rail project. Since this project would run directly through Goodhue County and significantly impact our residents, it only seems fair that we receive a periodic status report from the Olmsted County Regional Rail Authority.

I am hereby requesting that the Goodhue County Board of Commissioners authorize the County Administrator to send a formal invitation to the Olmsted County Regional Rail Authority requesting that project representatives appear at one of our meetings in January or February to provide a status report regarding the Zip Rail project.

Sincerely,

Dan Rechtzigel, Commissioner  
Goodhue County District 3
