### For assistance:

Call the member assistance telephone number on the back of your health plan card.

If you already have a dentist that is not on the above list, ask them if he/she will treat you while you are on MA. If a dentist on this list is not taking MA patients at the time you call, ask if they have a waiting list that you can be put on. Also, always verify with the dental office that they are currently accepting the form of Medical Assistance that you have.
